CAREERS IN EASTERN EUROPE

Recruitment Summit
London
27-29 June 2008

The Careers in Eastern Europe Recruitment Summit is a unique invitation-only event held in London. Directors and Senior Managers from up to 30 top multinational and leading regional companies travel to London to meet and interview top talent for their operations across Russia & CIS, Poland, Czech Republic, Slovakia, Hungary, Romania and the rest of the Eastern European region.

Companies are seeking high calibre professionals to play an integral role in applying their international knowledge to the development of their careers within domestic markets across Eastern Europe. Career opportunities are available from graduate to management positions across a variety of sectors.

The Careers in Eastern Europe Recruitment Summit is an invitation-only event for which candidates must apply in advance via our online application process. With a single application, you can gain access to an exclusive global network of employers in a convenient, central location.

During the Recruitment Summit, in addition to pre-scheduled interviews, participants can attend company presentations and gain exclusive access to network with executives from leading Eastern European employers in order to secure additional interviews.

Applications are welcome from Candidates with:

- International experience
- An undergraduate degree or professional qualification
- Work authorisation for at least one country in Eastern Europe
- English and an Eastern European language

If you are invited to the Summit you can expect:

- Pre-scheduled interviews with companies that have selected you prior to the event
- Exclusive access to company executives to arrange additional on-the-spot interviews
- Company presentations and workshops
- A unique opportunity to network with other graduates and professionals from across Europe
- To be fast-tracked through the recruitment process or to advance to employment offer stage

To apply:

- Register online and complete the application form
- Upload your CV
